The CDC recommends those who are at highest risk for COVID-19 to receive a COMIRNATY (Pfizer) COVID-19 booster shot to help increase their protection.

Please attest to meeting the CDC criteria by checking one of the following boxes:

A single booster dose, to be administered at least six months after completion of the primary series of 2 doses in:

- ☐ individuals 65 years of age and older;
- ☐ individuals 18 through 64 years of age at high risk of severe COVID-19;
- ☐ individuals 18 through 64 years of age whose frequent institutional or occupational exposure to SARS-CoV-2
- ☐ a single booster dose to eligible individuals who have completed primary vaccination with different authorized COVID-19 vaccine. Booster eligibility and scheduling are based on the labeling information of the vaccine used for primary series.

☐ I am requesting a Pfizer-BioNTech (0.3ml) COVID-19 Booster
